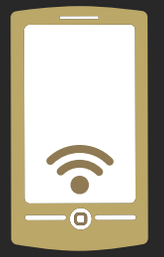
Chloe Koo

Midterm Project

Concept Statment



I made a piano player using processing and iPhone, something that is friendly and easy to play.
I chose iPhone so that people can play by tapping on the screen rather than clicking a mouse and a keyboard.

Everyone can play piano using Iphone and Processing

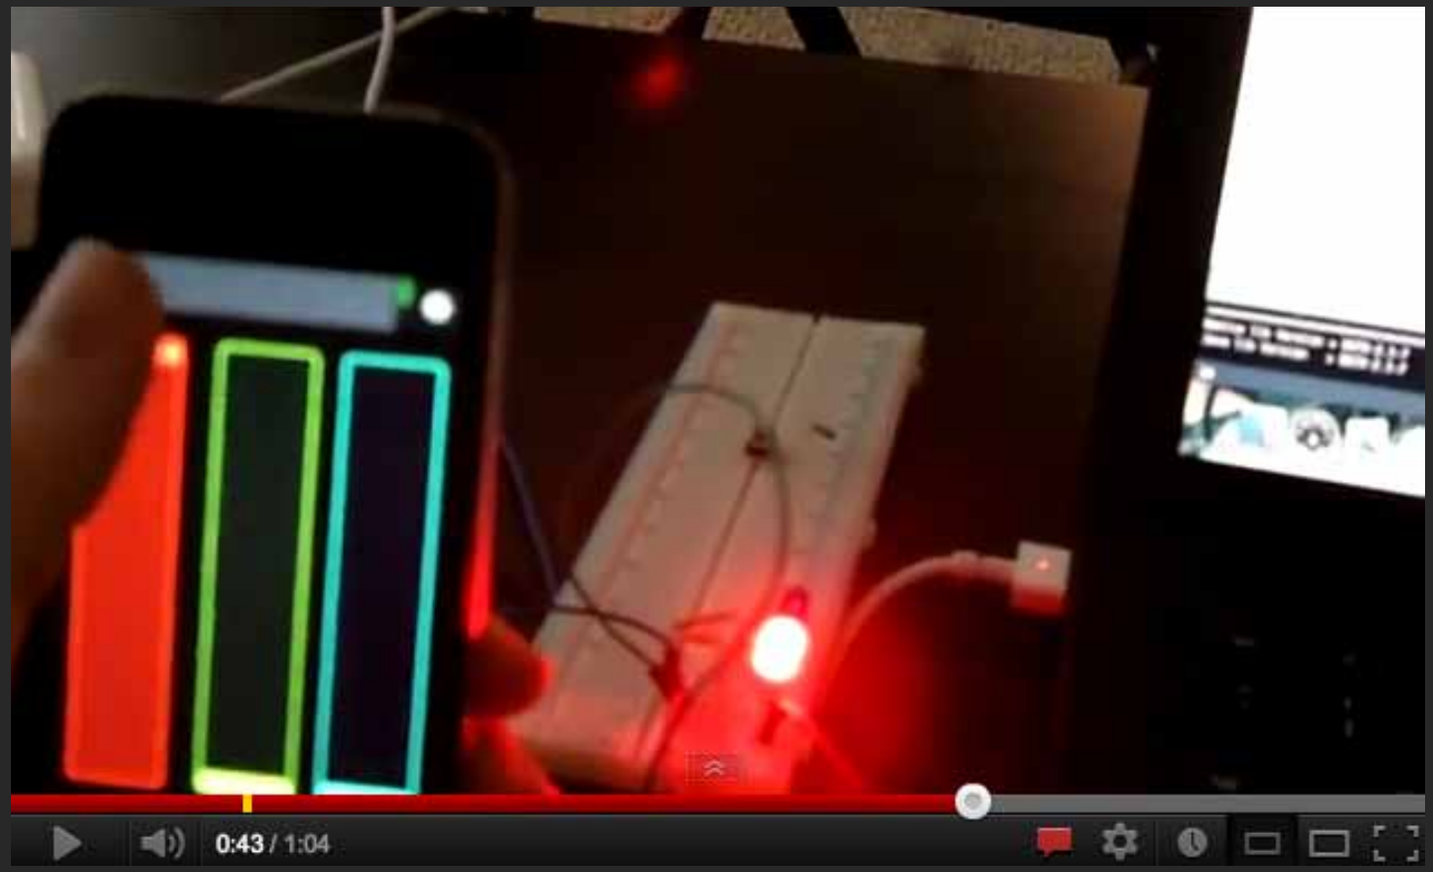
Audience

Processing

+

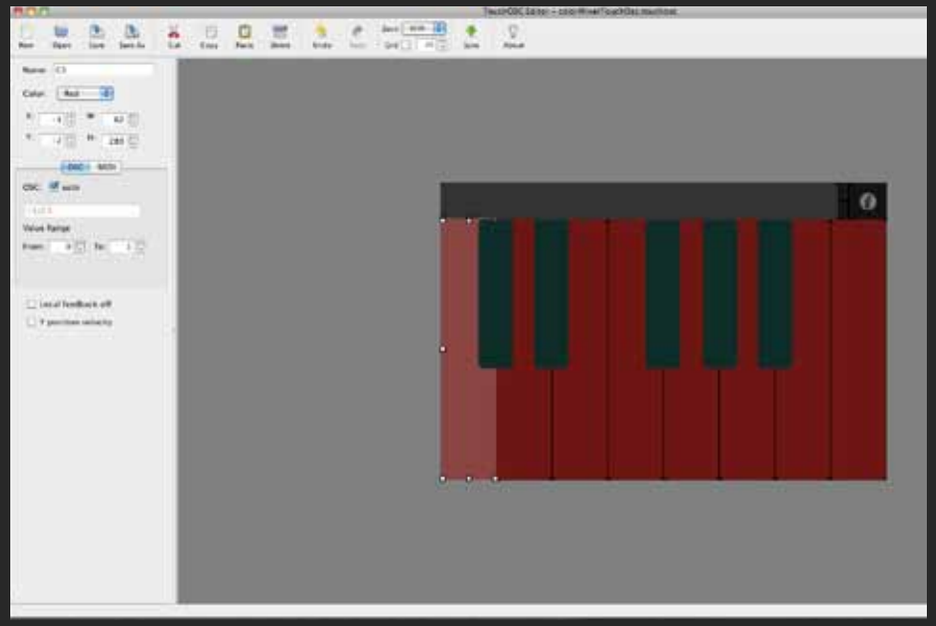
TouchOSC
Editor

TouchOSC Editor

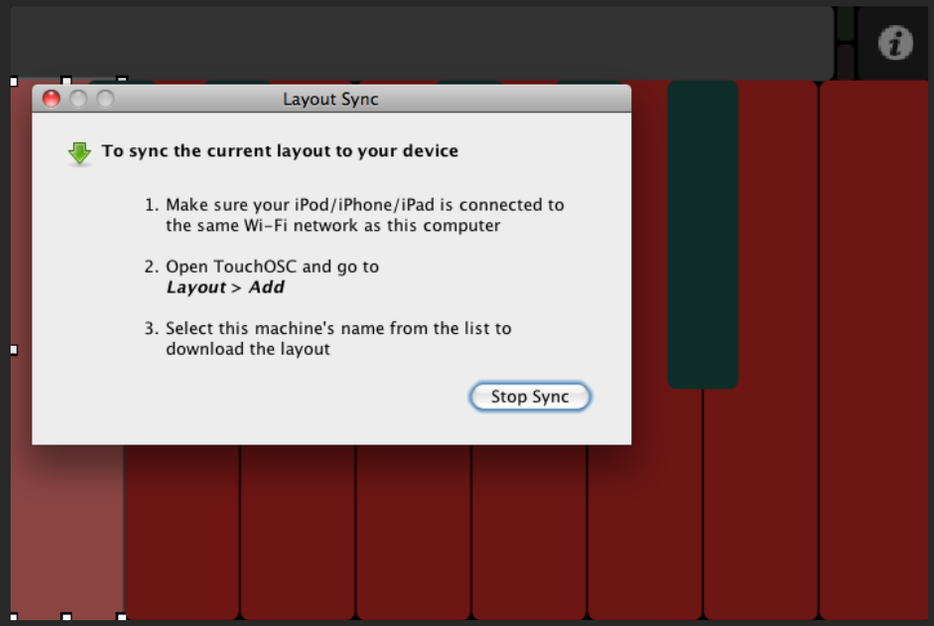


precedents/inspiration

1. TouchOSC Editor



1. Design with TouchOSC Editor



2. Click Sync to connect iphone

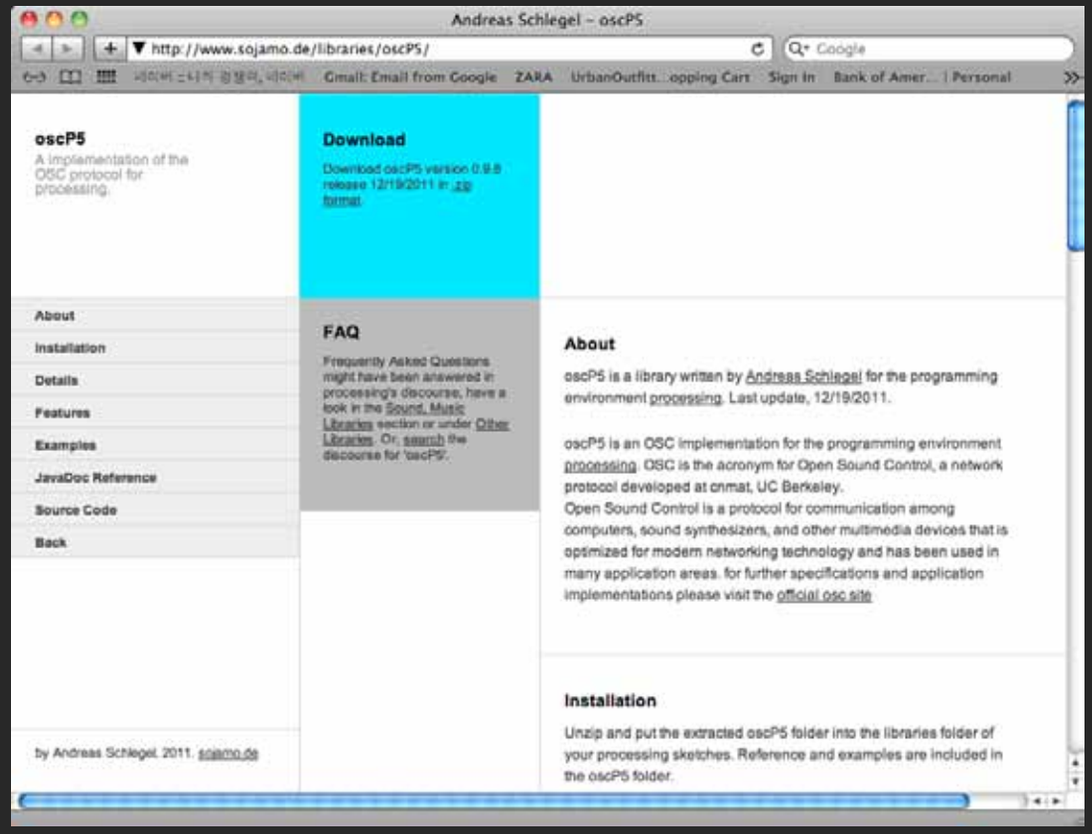
2. Iphone

3. Download TouchOSC

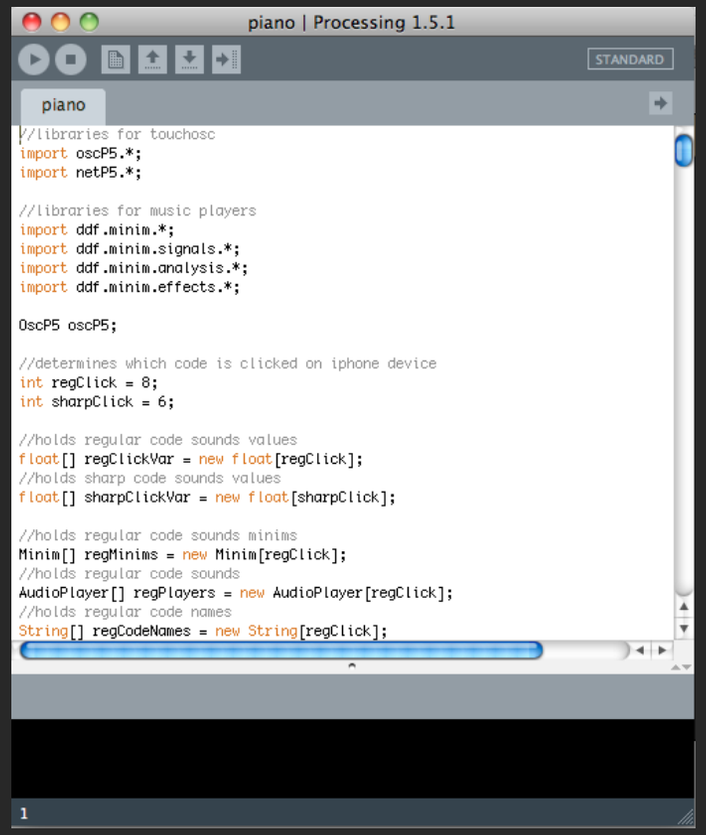
4. Connect OSC

5. iphone display

3. Processing



6. Download oscP5



7. Use oscP5 and Minum
